PHONE RATES MAY BE INCREASED

Application Made to State Corporation Commission For Increase

PUBLIC TO BE HEARD

Company Claims They Need More Revenue For Extensions—Phones Return to Owners August 1.

Telephone properties return to owners on August 1, Due to shortage of material, labor and government restrictions of various kinds, the telephone plant generally has become exhausted during the war period. Large sums of money are needed to restore plant to normal conditions to provide for betterments and to meet the requirements of new patrons.

Under the present Postmaster General rates, the earnings are but 2.19 per cent on the investment with expenses still rising. The total nvestment in Virginia is approximately $13,000,000.

Present earnings obviously do not yield sufficient revenue and especially are entirely too low to enable us to secure new money for extensions and betterments. Company's representatives are on Friday presenting to State Corporation Commission a complete schedule of new rates, which will yield additional revenue, and at the same time asking the Commission that the Postmaster General rates be retained until full investigation and hearings can be had on the proposed schedules.

The proposed rates are aimed to distribute the increase fairly among the various communities of the State on the basis of service furnished, and will yield a return of slightly less than 6 per cent on the investment.

The company asks that new rates be established only after thorough investigation and fullest sort of hearing before the State Corporation Commission, at which the public can be fully represented.

CAPTURES MAN BY LEAP

Policeman, in Jump From Roof, Lands on Fugitive's Back

Danville, Va., July 25.—The escape from the hands of a police detective of J. L. Lovelace, wanted in North Carolina for wife desertion, created much excitement here, for when policemen fired their pistols into the air in the hope of halting the fugitive the rumor started that a serious fight had broken out.

Lovelace dashed down Main St., with the officer in pursuit, just at the time that the moving picture theatres were taking in their nightly crowds. Hundreds joined in the chase. Lovelace outfooted the officer and disappeared up a dark alley, but at the end of three quarters of an hour he was seen by a policeman crouching behind a concrete guttering. The crowd in the offing settled down to watch a spectacular arrest, and were not cheated. Lovelace was about to escape across a vacant lot when a policeman took a flying leap from a roof 15 feet high and landed squarely astride the running man's shoulders. He was borne to the ground and gave no more trouble.

PLENTY OF SUGAR, HE SAYS

No Necessity for 2-Pound Ration, Congressman Declares

Washington, July 25.—Action of dealers in some localities in limiting retail purchases of sugar to two pounds for each person was criticized in the House yesterday by Representative Hulings, Republican, of Pennsylvania, who declared there was no occasion for such curtailment.

"The scheme seems to be backed by profiteering sugar refineries which desire to maintain high prices". Mr. Hulings said. "There is plenty of sugar"

Leavenworth, Kan., July 25.—With the arrival yesterday of troops from Camp Grant, Illinois officials of the United States Disciplinary Barracks at Fort Leavenworth assert they will be able to deal with any situation which may develop from their announced intention of putting 2,500 striking military prisoners to work this morning. Col. Sedgwick Rice commandont of the prison, said today he believed the men would go back to work without any further demonstration.

In an attempt to escape by tunneling under a prison wall Wednesday night, G. C. Martin, of Newhope, Ala., serving a sentence for desertion, was fatally wounded by guards when he refused to surrender upon being discovered. He died today. An accomplice, who was captured, was slightly wounded.

ASTOR LIVES AS RECLUSE

Visitors Turned Away From Old House at Brighton.

One of the mysteries of Brighton, a popular English Channel resort, is the two story house just opposite the King Edward Memorial, where lives William Waldorf Astor, former American Minister to Italy, but now a peer of Britain.

Viscount Astor has had the old house entirely redecorated and lives there in such seclusion that even the borough surveyor has not been permitted to enter the grounds. The place is surrounded by a high broad fence which preserves it from inquisitive eyes, and in addition there is a formidable person, who is described as a cross between a game keeper and a family retainer, who parades before the residence and warns off would be callers.

Lord Astor, it is stated, is an invalid who is in love with Brighton and is anxious to be relieved of the attentions of society.

AMERICAN WOMAN'S LEGION ORGANIZE

Composed of Women Who Had Relatives in Great World Conflict

OFFICERS ARE CHOSEN

Tentative Constitution Adopted—Next Meeting August 7—Expected Membership Will be Greatly Increased.

The American Woman's Legion is the name chosen by women relatives of men from Alexandria who served in the great world war.

This name was decided upon at a meeting of the female relatives of the men held last night in the War Camp Community Service Club. Upon motion it was decided to affiliate with the national organization bearing the foregoing name. A tentative constitution was adopted and it was decided to send representatives to the meeting of the national association of this organization slated to be held November 11.

Officers chosen follows:—Mrs. Kate Waller Barrett president; Mrs. T. C. Howard first vice president; Mrs. E. S. Fawcett second vice president; Mrs. M. A. Scott third vice president; Miss Esther Greene, secretary; Mrs. T. M. Jones, treasurer.

Purposes of the organization are two fold—First to be a living memorial to the cause which resulted in America's participation in the great world war; second to strive and fulfill some useful purpose with benefit not only to the nation but to the members themselves.

Announcement was made that politics will be tabooed.

A provision of the constitution reads as follows:

"Those eligible for membership shall be wives, mothers, sisters, daughters and those officially named as next of kin of men who may at any time since April 6 1917, resided in Alexandria, who served in military or naval service of the U. S. A., at any time during the period from April 6, 1917 to November 11, 1918.

Membership dues were fixed upon at fifty cents a year. It is proposed to have one class of members, only in order to accelerate the democratic ideal on which the constitution is founded.

Hope is expressed by the members of the new organization that relatives of the Alexandria men who served the colors in the recent war will enroll in this organization without delay.

Any information concerning this organization may be obtained upon application at the War Camp Community Club or by phoning 391.

The next meeting is scheduled to be held at 8.30 o'clock the evening of August 7. Doubtless many new members will enroll at the coming meeting.

It is stated that this is the first chapter of such an organization to be formed in Virginia.

Mothers of the Alexandria war veterans were the first to take formal steps looking to the establishment of such an organization. At the initial meeting committees were named and other preliminary plans mapped out toward forming a permanent organization.

BOY DIES BY BELT

Homestead Youth Hangs Himself to Atlantic City Hotel Bedpost

Atlantic City, July 25.—Charles Brown, 15 year old son of a druggist at Homestead, Pa., committed suicide here last night by hanging in his room at a hotel near the beach. Brown entered the hotel during the absence of his aunt, Miss Eleanor Smith, late yesterday afternoon, procured a pass key at the desk and locked himself in the room. He was found hanging from the bedpost by his belt. The discovery was made by the hotel clerk, summoned by Miss Smith, when she found the door of the room locked. Dr. Richard Bew was summoned, and finding the boy still breathing, tried to revive him, but without success.

CHINA AND JAPAN

Shantung Award Agreement No Nearer Than at Time Peace Was Signed

Paris, July 27.—Chinese and Japanese delegates to the Peace Conference continued at loggerheads yesterday no nearer an agreement with regard to Shantung than they were the day peace was signed.

Japan is ready to return Shantung to China as soon as the peace treaty is ratified according to a statement today by a member of the Japanese delegation.

"The Japanese delegation is surprised that America, as well as China, is not willing to trust Japan" he said. "We are obliged to return Shantung under the terms of the 1916 treaty. We are ready now to give Shantung to China, retaining equal rights with China in the international railway and guaranteeing free entrance to the port of Kiau-chau."

According to the best information Baron Makino ,head of the Japanese delegation, does not intend to make public his promise to the big four, as he believes such a statement would be superfluous.

The Chinese maintain the same stand they held when the treaty was signed. They declare retention of railway rights by Japan would place Shantung directly under domination of the Tokio government. They insist China will sign the treaty only if permitted to file a reservation.

AUGER BRINGS WHISKY

Thief Bores Through Car Botton Into Barrel; Gets 40 Gallons

Baltimore, July 25.—A sealed and locked car has not terror for one enterprising bibulus person, who was Wednesday night tipped off that said car contained 60 barrels of high-proof liquor with millions of kicks. It required but a moment for the fortunate one to procure a brace and bit and make an immediate attack upon the floor of the car by boring through and puncturing the bottom of a barrel filled with the rare fluid.

The energetic one filled receptacles with more than 40 gallons of rye and probably only stopped his labor of love when his game was discovered by an employe of the Pennsylvania Railroad. The bored hole was neatly plugged with a piece of broomstick

The liquor was the property of the Stewart Distilling Company and was in a car on a siding on Fifth street Highlandtown.

DENY RIVER BOATS MENACE TO LIVES

That the river vessels Penn and Lord Baltimore, lately making trops between Washington and Norfolk, were withdrawn from service because they menaced the lives of passengers, was denied by the United States steamboat inspection service this morning.

It was declared that, answering a few complaints made on the vessels instability, the inspection Service made a thorough examination and found that with a slight correction of the ballast both vessels would be in good shape.

The regular meeting of Randolph Chapter No. 3, R. A. C., and Lafayette Council No. 2, K. K., will be held in the Masonic Temple Monday, July 25th, 1919, at 7:30 p. m. Business of importance.

SHARP TILT IN THE SENATE

Lodge Wants Submission o The Pact Immediately

PROMISE TO FRANCE

Measure Offered After a Heated Debate During Which President is Charged With Failure to Transmit.

A resolution requesting President Wilson to submit to the Senate the treaty by which the United States would promise to aid France in the event of an unprovoked attack by Germany was offered in the Senate yesterday by Chairman Lodge, of the Foreign Relations Committee. Unanimous consent for its immediate consideration was refused by Senator Robinson, Democrat, Arkansas.

Senator Lodge offered the measure after a sharp debate, during which Republican spokesmen declared that the terms of the treaty required that it be submitted to the Senate for ratification at the same time as the treaty with Germany.

Charging the President with not submitting information requested by the Sennte and the Foreign Relations Coramittee, Senator Brandegee, Republican, Connecticut, referred to the Senate's seeming inability to get the draft of the American plan for the league of nations.

Senator Brandegee also assailed the President for calling individual Senators to the White House for discussion of the treaty.

"Having tried this case before the jury—the Senate," said Senator Brandegee, "now he sends for the individual jurymen and argues with each one of them. If there is any information the Senate ought to have he ought to come before the Seante or at least advice the committee. I think the committee is entitled to this information; the people, too, are entitled to it, entitled to something besides the mere ipsi dixit of the President."

AIM OF JAPAN

Has no Intention of Relinquishing Claims to Shantung

Japan has no intention of announcing to other nations at what time she proposes to relinquish her claims to Shantung, the great Chinese province practically ceded to her by the Peace Conference.

This attitude was ascertained, after a call at the State Department of Mr. Debuchi, the Japanese charge d'affairs, where he discussed at length the Shantung situation with officials of the department. The reasoning and arguments of Japan on the subject were of a highly clever character viewed from the diplomatic standpoint; but, however, indicate that as she is in Shantung, no one can put her out.

The fact that Japan has begun so soon to respond to the general demand in the Senate and elsewhere that she do more than generalize on the question of giving Shantung back to China, will attract very wide attention here and in Europe. The attitude she assumes will undoubtedly cause some trouble and certainly a sensation in the Senate.

BIG BERRY YEAR

Maryland Farmers Find Heavy Demand With Prohibition In Effect

Philadelphia, July 25.—Prohibition indirectly produced an extraordinary condition in the strawberry market this year.

Prices went higher than ever before because a Chicago packing house opened what was said to be the largest fruit preserving plant in the world in the heart of the strawberry district of Delaware and the Eastern Shore of Maryland, and bought the product of great berry producing fields virtually without regard to cost to meet the tremendous demand for ice cream and soft drinks produced by the "dry" period.

Strawberries that normally sold for from 5 to 10 cents a quart were snapped up at from 30 to 37 cents. The price to the consumer never went below 30 cents this season. Strawberry syrup for flavoring soda water formerly sold at 65 cents a gallon, and is now quoted at $3.50 a gallon.

Farmers are elated. Many of them made an average of $1,000 an acre on their strawberry crop and they are looking froward to big profits next year.

The packers, when the strawberry season was over, sent their employes to other work and closed the factory.

BOYS IN SHOOTING ORGY

Hold Police at Bay For an Hour Later Escape

Kansas City, Mo., July 25.—Two boys, 11 and 14, terrorized a section of Kansas City, fought a noisy revolver battle with an auto load of cops, surrendered a la Napoleon, and then slipped right out of the Juyenile Court to freedom in the most realistic movie drama this city has experienced.

The boys, Robert Moore, 11 years old, and Wesley Harrison, aged 14, slipped away from a two gun Wild West shooting drama at about 10:30 Wednesday night, broke into a hardware store and repaired to a ravine on the outskirts of town with two revolvers each and plenty of shells. A few minutes later residents there abouts called the police by telephone motor courier and marathon messenger.

A riot squad arrived in a hail of bullets from the ravine. Taking cover behind irregularities in the ground they blazed away with their revolvers, aiming at the flashes from the hollow.

After an hour's shooting, with no casualties, the boys ceased firing and the cops rushed, capturing them. Strewn around the scene of the "last stand" were empty cartridges from 12 boxes of ammunition.

When the youngsters were to be arraigned in the Juvenile Court yesterday they stood by the exit. Their custodian looked the other way for a moment and they disappeared. The police are still hunting for them.

LYNCH AGED COLORED MAN

Atlanta Paper Discloses Hanging of Negro at Milan, Ga., on May 26

Atlanta, July 25.—Berry Washington, seventy-two years old, negro, was lynched near Milan, Ga., May 26, after killing a white man in defense of negro women, it is declared in a lengthy account of the affair which the Atlnta Constitution will publish today.

The lynching in the little Georgia town in Telfair county did not become generally known at the time, and, according to the Constitution's version, officials at Milan said at the time that they wished to keep the affair out of print in order not to hamper their round up of the lynchers.

On the night of May 24, the account says, two white men went in to the negro section and began "cursing and disturbing the negroes, who were in their homes." In an exchange of shots with Washington one of them was killed. The negro surrendered, and two days later was taken from jail at McRae, nearby, brought to Milan and hanged to a post and his body shot to pieces.

MURDER BLAME JILTED

Crumpel Checks Found in Station Near Glassboro, N. J.,—New Clue

Glassboro, N. J., July 25.—A wad of torn and crumpled cheks found stuffed under the planking of a little rural railroad station, four miles from here, by a shipworker yesterday morning was the clue which completely switched around the theory of the Gloucester county authorities and local police in the mystery over the shooting and killing here early Wednesday morning of Mrs. Sabor, 25 years old, and the wounding of her mother, Mrs. Jennie Krasne, 46 years old.

While Charles Sabor, 35 years old, husband of the murdered woman fantically paed a cell in the county jail at Woodbury, where he was committed without bail, officers yesterday were weaving a new net of evidence which thoroughly clears the husband and places guilt for the crime upon a band of notorious bandits who have been operating for several months around Chester, Pa. and Wilmington, Del.

BUILD A HOUSE

A short time before the battle off Cape Trafalgar Admiral Nelson placed a signal on the flagship "Victory" bearing the legend, "England expects every man to do his duty." These words are often quoted in political campaigns, patriotic movements, and various drives which are occasionally sprung upon us.

In 1914, after Germany precipitated the late war, the southern cotton grower realized that the foreign market had been cut off, and his crop of this staple could not be moved. He had incurred obligations in raising cotton which had to be met, and under conditions prevailing at that time bankruptcy stared him in the face. At this crisis the cry was draied "Let every American in a position to do so purchase a bale of cotton and aid the southern grower." The suggestion, as we know, was adopted and the southerner's credit was saved.

The Gazette yesterday directed attention to the fact that our present over-crowded city will soon be compelled to face much greater demands for housing from the rapidly increasing population. This crisis will be upon us before we realize its approach. The government torpedo plant is rapidly approaching completion, and nine hundred men will be put to work as soon as it shall have been finished. This force it is said will be augmented later.

We repeat what we said yesterday that it is not likely syndicates will be formed for meeting requirements of the near future, and it is up to every citizen of this community to do his individual part. Five years ago, when the cotton planter was facing disaster, every man could not buy a carload of cotton, but many could and did purchase a bale and thus relieved the situation. Every man cannot build a row of houses, but many are in positions to erect one, and probably two and in numerous cases three.

In a conversation today with a well known and practical business man of our city, who had called to give his affirmation to our suggestion he told us he had built three dwellings during the past year from his surplus savings.

Wages are higher at present than at any time in the history of the country. Many persons who never had funds in banks before now make deposits. These sums are being increased all the time, and it should take but little nerve on the part of such depositors to erect a house. The movment will entail no risk and the profit upon the investment is insured from the start.

During the past four years we have at times been called upon to purchase Liberty and Victory bonds. The great mass could not purchase blocks of these securities, but many young and old, white and colored, were able to acquire single bonds of the smaller issue, which in the aggregate produced sums almost beyond calculation. Here is another opportunity for the person who has comparatively small savings.

(Communicated)

Editor, The Gazette:

It is patent to every one who takes an interest in our city's welfare that the city council as at present constituted is lamentably lacking in civic pride and I have now come to the conclusion that a majority of the members of that august body do not know the definition of the word "shame," otherwise they would take some steps to restore the fountain at Cameron and Royal streets, now a disgrace to the city instead of an ornament. I would suggest, if I may take that liberty, that the city council, which accepted the gift with many expressions of gratitude and promises to cherish it forever and the day after ask that the patriotic women who gave it take it back. I am quite sure that the city council would sell it for old iron without a qualm of conscience and I am equally sure that these women would take charge of it and make it a thing to be proud of instead of a thing that every citizen with any pride whatever looks at with a blush.

While on the subject of civic pride, may I take a few lines of your space to call attention to a number of bedraggled rags that were once "old glory" displayed in various sections of the city. One of the worst offenders in this respect is that very patriotic and always accommodating organization known as the Washington-Virginia Railway Company, which is doubtless proud of the "flag" that adorns one of the doors at its Royal street station.

By the way, Mr. Editor, do you not think we should be quite proud of our grass crop this year? I would be glad if you would tell me to whom bids should be submitted for this luxuriant growth, especially that on the sidewalk in front of the armory and on Prince street, between Pitt and Royal streets. I thank you.

Reginald de Ufford.

GARBAGE MEN QUIT

Refuse in Danville Uncollected for Eight Days.

Danville, Va., July 25.—No garbage has been removed in the city for the past eight days, owing to a disaffection among the city scanengers, who are demanding a substantial innrease in pay. This has not been granted them and many have quit and secured positions in tobacco factories at higher wages.

Citizens who are exercised over the condition say that health campaigns and fly crusades are worthless so long as household waste is allowed to pile up in back yards with no certainty of removal.

FINDS 375 QUARTS IN POLICE CACHE

Danville, Va., July 25.—W. C. Hall, prohibition inspector, yesterday secured an axe from the fire department, and going to the police store cupboard in the courthouse battered down the door and took 260 quarts and 230 pints and delivered these to the city sergeant in the name of the prohibition commissioner.

The act was not prevented, as Hall had a warrant to search the storehouse issued yesterday by the mayor. Mayor Wooding discountenanced the move, but was powerless to act. No policemen interferred. The affair has mad e a tremendous impression.

EDITORIAL

The splendid attendance of last Saturday, encouraged us so much, that we are doing our level best to exceed the bargains offer, at any time in the history of this store.

Despite the fact that last Saturday was the most miserable kind of a day due to the rain, our sales for the day was the greatest, according to all records here.

We feel that we owe to the people of Alexandria a proper acknowledgement of our appreciation.

Our efforts tomorrow is towards that end—We offer nothing but real bargains—no camouflaging under the titles of "values" actually selling price of the regular and the reduce price is stated.

They simply can't make tires good enough to prevent tread cuts. And a tread cut means trouble. If neglected the result is a "blowout," sooner or later. The sooner you get an injured tire to us the better—but there's no blow out too bad for us to fix—Right.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength-making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don' give up too soon.

The Local agent for Chasco-Vin i Edgar Warfield, Jr., King and Pitt Streets.

Beautiful Jewelry At no time have we shown a better assortment of pretty jewelry than we are showing right now. The dainty and novel effects of the new craftsmanship in jewelry designing has reached a higher standard. As usual the best and newest will be found in our stock.

A word that is imbedding itself in our language. Soon to appear in all good dictionaries:

What Webster's will say about it:

B-E-V-O, (n.) [<OF. *beveve*. <*bevee*, drinking. <*bevre*, drink. <L. *bibo*, drink.] A delicious non-alcoholic beverage, noted for its purity, nutritive qualities, sparkling golden color and richness of natural flavor of the ingredients from which it is manufactured. Became nationally popular, with all classes, in a single season. Created by Anheuser-Busch, St. Louis, and manufactured in great quantities in the most modern, sanitary and perfect beverage plant in the world.

Synonyms: None. Antonyms: About 200 imitations put up in bottles similar to the Bevo package, and bearing names as nearly like Bevo as the law will permit.

Derivative: Bevoer—one who constantly enjoys the best of soft drinks.

Time To Say Good-Bye

There is no more gracious way of terminating a telephone conversation than with "Good-bye." It is a simple expression indicating that the call is ended, and it prevents confusion in hanging up the receiver.

Sometimes the operator is blamed for a supposed cut-off when one of the talkers hangs up without taking the trouble to say the usual final word. We heartily recommend "Good-bye."

THE CHESAPEAKE & POTOMAC TELEPHONE COMPANY

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
